RE: Our Folks

Kathy Stevers and all of her staff:

In response to your request for testimonials I thought I would take a moment to express my deep appreciation for all of the care and compassion you and your staff have shown to all of the clients we have placed in your care. You and your staff have provided the utmost in professional and dedicated service to our clients and our office and our clients are very grateful to you for that. I know that our clients can be a challenge but I have never worried about the level and quality of care you and your staff provide and know they are treated as your staff would treat their loved ones.

Our office thanks you and your staff for all you have done and continue to do for all those in your care and if we can ever be of any assistance to you or your staff please let me know.

Very truly yours,

Michael J. Carbone
